Dear Parents,

Amazing! Amazing!.... how talented are our students. The production of Wizard of Oz last Wednesday night was wonderful and a credit to all who were involved. Congratulations to Karen who put it all together from personalising the script, directing the students and designing the sets. A big thank you to Margaret Edwards who worked closely with Karen to prepare the students singing performances and the music. Thank you very much to Margaret, Jim and Lindel who donated their time to perform all the music on the night. Thank you to our P&C who manned the door and organised the supper which was enjoyed by all, thank you Cherie for the most beautiful after party cake. Thank you to all who supported the evening by purchasing tickets, by all accounts from the standing ovation, the evening was a huge success and finally, thank you to all our cast... all the practice and hard work certainly paid off, your performances where outstanding and I would like to point out that the students had no direction on the evening, managed all scene changes, lighting and sound effects. Well done, I’m sure this is one experience that will stay with you always.

On a separate note, one of our dad’s is supporting mens health through” Movember”. Please support this worthy cause by sponsoring Anthony Shepherd. You can do this by going to the Movember website and making a donation in his name, there is only a few days left. I have included the link:

http://au.movember.com/donate/find-results/ - search Anthony Shepherd

Have a good fortnight.
